Women in IT welcome to join Quest ANZ

Quest ANZ appreciates the importance of professional women in IT and allows for a forum to assist women wanting to reach their full potential in the IT industry.

If you are female and work with JD Edwards or PeopleSoft you are not alone, there is an active users group for you.

Did you know that the Quest ANZ Board of Management includes three female Directors who actively welcome any female who uses JDE or PeopleSoft to join this growing users group?

For more information on membership please email questanz@apcaust.com.au

QUEST Asia's User Group News

Quest Asia Conference & Exhibitor Showcase

The world comes to Asia

The meeting place for JD Edwards and PeopleSoft Users

If you only attend ONE event in 2008 make it the Quest Asia Conference & Exhibitor Showcase to be held at the Le Meridien Hotel, Kuala Lumpur, 22 – 23 October 2008. VIP speakers from around the world will be presenting at this year's conference. Be sure to attend so you don't miss out on this outstanding conference for JD Edwards and PeopleSoft Users.

Conference Programme

Watch your inbox, as the conference programme along with registration information will be emailed late June. If you are interested in receiving this information contact the conference manager to ensure you are on the conference mailing list
questasia2008@conferenceaction.com.au

Exhibitor Showcase and Sponsorship Opportunities

Limited Sponsorship and Exhibitor Showcase spaces available

Contact Quest Asia today as there is limited Exhibitor & Sponsorship opportunities available questasia2008@conferenceaction.com.au

Why Participate?

- Maximize your marketing dollar
- Connect with our global user community
- Reach your sales and awareness goals

Quest Asia presents your company with many unique opportunities to reach JD Edwards and PeopleSoft users, which includes advertising, sponsorship and the Exhibitor Showcase.

We encourage you to review these options and invest your marketing dollars in our 2008 Conference because we believe it is the most effective and efficient method to reach the PeopleSoft and JD Edwards community in the Asia region.

There are three principal ways available to you to be involved:

- Participate as a vendor in the Exhibitor Showcase
- Advertise in the Programme
- Become a sponsor

Don't delay, download the [Exhibitor Showcase and Sponsorship Opportunities](#) today! Limited exhibition booths and sponsorship packages remaining. Confirm your booth space and sponsorship package today by emailing the conference manager questasia2008@conferenceaction.com.au

Update on PeopleSoft 9.0

March 06, 2008

Doris Wong, Group Vice President and General Manager of PeopleSoft Enterprise updates listeners on the new capabilities of PeopleSoft 9.0, the customer momentum with this new release and why more PeopleSoft customers should consider upgrading to this new release.

Adviser Webcast Program

Program Overview

Advisor Webcasts offer a convenient and cost-effective way for PeopleSoft Enterprise, JD Edwards World and EnterpriseOne customers to interact with professional, technical, and application experts regarding topics to help them get the most from their support services. Oracle support experts will provide information such as tips and techniques, best practices, or how to effectively work with your support team to maintain your applications. Each webcast is delivered straight to your desktop and includes a live Q&A session with subject matter experts, enabling customers to receive answers to their specific questions. Advisor Webcasts are offered on a consistent basis and recorded for on-demand viewing—anytime, anywhere. For more information [click here](#)

Note: To view a webcast summary, you will need a Customer Connection logon. If you do not have a current logon, you may [contact your local Customer Care representative](#).

Registration Information

Accessing Advisor Webcasts has never been easier. Oracles new Advisor Webcast program features Oracle webcast technology: [Oracle Web Conferencing](#). Simply access Oracles updated Advisor Webcast section by selecting [Advisor Webcasts](#) under the "Find What You Need" box in the left navigation of Customer Connection. There you will find a list of Oracles upcoming sessions along with a short description about each topic. Find the topic that interests you the most and select the Oracle Web Conferencing link to enroll. Choose the session you want to attend and click on the title to get to the short registration form. Once

you're enrolled for a session, you will receive an automated email registration confirmation, which includes:

- The conference title of the session you registered to attend.
- Conference ID.
- Conference Key—you will need this to complete your registration to attend the conference, or view recordings.
- Date and Time of the session.
- Estimated duration of the session—most Advisor Webcasts are 60 minutes.
- Time Zone.
- Telephone number to dial for the audio portion of your webcast.

Oracle looks forward to seeing you attend one of the upcoming Advisor Webcasts, and is confident you will enjoy the convenience and benefits of this valuable program. To ensure the best service for you, Oracle has scaled the session schedule to focus on delivering the topics that interest you the most. Be sure to check the schedule on a regular basis as Oracle continues to add additional sessions. As always, Oracle encourages your feedback for topics or program suggestions.

JD Edwards EnterpriseOne

JD Edwards EnterpriseOne: Preparing for Australian Payroll Year-End 2008 (June 3 Australia)

If you missed this webcast you can access the recording of this webcast by going to the Advisor Webcast Archive pages at http://www.peoplesoft.com/corp/en/support/advisor/advisor_archive.jsp To access Advisor Webcasts you need a Customer Connection log in ID.

Critical Patch Update

[The Critical Patch Update Advisory](#) is the starting point for relevant information. It includes the list of products affected, pointers to obtain the patches, a summary of the security vulnerabilities, and links to other important documents. Supported products that are not listed in the "Supported Products and Components Affected" section of the advisory do not require new patches to be applied.

It is essential to review the Critical Patch Update supporting documentation before applying patches, since this is where you can find important relevant information. For each product suite releasing patches for this CPU, Oracle provide a brief executive summary of the number and type of vulnerabilities newly fixed in this Critical Patch Update.

October 2007 [click here to read more](#)

The next Critical Patch Update release dates are:

- July 15, 2008
- October 14, 2008
